“*My sympathy to you, Geri, & family. Bonnie was a wonderful person who dedicated herself to education. She was a very intelligent woman. I am sorry that I did not attend her funeral; I did not know until I read it in the paper.*”

“*No words can besiege the anguish and sorrow that a family must endure in the loss of a loved one. My prayer is that God will comfort the family in their hour of need. Rejoice in the life of Bonnie and be comforted that she is looking down from heaven waiting for the reunion that will come in time. I want to express my condolences and the family is in my prayers.*”

“*The words won't come to me right now to express my love for you. My whole life you were a part of it, from rubbing your fingers over my eyes when I was small to help me sleep, to teaching me how to make your biscuits the way ma deel did when I was a teenaager, all the wonderful, wonderful memories. There are many things who make me the person I am today because of you. I close my eyes and I see your smile so perfectly.. always a kind word, and always a compassionate heart for others. I know you are rejoicing with Jesus, ma and dad deel and papa link.. I miss you deeply, and love you so very much.. I know we will meet again someday.*”
