“*To all my friends in this family. I am deeply troubled with this tragic loss. My heart breaks for all involved. I just can't understand or comprehend what has happened. Bradley was always such a handsome young man. His smile lit up the room. I so enjoyed just talking with him, watching him race, and seeing him with those he loved. I am truly sorry.*”

“*Bradley, you and I have been friends for such a long time. Even though we've not done well at keeping in touch and our lives have taken us in our own directions, my heart breaks for you. I will never forget our first kiss watching "The Little Mermaid" in Mrs. Baker's third grade class room, keyboarding class with Mrs. Holmes, or our last trip together to the Bristol Race. You always made me smile and helped me through even the toughest of classes. My thoughts and prayers are with your family, may God comfort them through this tragedy. Know that you were loved by so many. God bless you Bradley Allen! I love you and will miss you always! Candi*”

“I am deeply saddened by this tragedy. Bradley was not only a distant cousin to me, but also a very good friend of mine in high school. He was a good person with a great heart and sense of humor. I am sad that we haven't talked much since graduating from high school and I am praying for his immediatly family and friends. May God grant you all peace and comfort in the face of your grief.”
