“*I am a cousin to Edna, Ellis' mother. I loved Clifford and Edna very much. I remember when my husband and I visited them from Colorado, Ellis was about seven years old and he kept all of us laughing with his humorous stories. He told them one after the other without stopping. My parents were Robert and Dortha Baker We always went to see Edna after her unfortunate illness and enjoyed our visits with Clifford. My love and sympathy goes out to all of Ellis' family. Vivian Baker Pitts*”
