“ *"You can shed tears that she is gone, or you can smile because she has lived. You can close your eyes and pray that she'll come back, or you can open your eyes and see all she's left. Your heart can be empty because you can't see her, or you can be full of the love you shared. You can turn your back on tomorrow and live yesterday, or you can be happy for tomorrow because of yesterday. You can remember her only that she is gone, or you can cherish her memory and let it live on. You can cry and close your mind, be empty and turn your back. Or you can do what she'd want: smile, open your eyes, love and go on "*

“Aunt Colleen, I can't believe that you have been away from us for two months already. I miss you today as much as I did the day I found out that you were taken away from us. I hope that you are being treated well in heaven. You have always deserved the best of everything. You had a heart that was so big, you would do anything for anyone. I know there were many times that I came to you with problems and you knew what to say to make things better. I just wish that you could have come to someone with the problems you were having. I still remember the last time i was able to talk to you. You called me over the summer, i had missed your call and was getting ready to run some where but something told me to call you back. I'm so glad that I did, I never thought in a million years that, that would be the last time I ever got to talk to you. We spent an hour on the phone talking about old times, you even told me that you were going to come see me. I really wish that you would have been able to. I'm getting married on May 25th of this year, i'm not going to have a maid of honor because I wanted that to be you. I know that your spirit will be there with us on that day. I love you so much. I just wish that I could have done more for you during your short stay on earth. I hope to see you again someday. I hope you know how much you were loved and how much you are missed. A couple of years ago you asked me to make sure Hunter was taken care of if something happened to you, i hope you know that i'll always look out for him. I'll make sure that if he needs anything at all, he will get it. I'll also make sure that Bella knows how awesome her grandma is. I'll make sure that your memory goes on for as long as I live. Love always, Gina”

“Colleen was my first best friend! She looked past my handicap and we were the best of pals. She was always there for me during good and bad times. I remember Colleen laying Hunter on my chest when he was just a week old. She said he was so still and content because of my big boobs! We were shopping in Buckroe Shopping Center and I had fallen, walker and all went tumbling. She sat poor Hunter down in his car seat in the road to pick me up, poor Hunter! Colleen was so proud of him. I was 26 before I went to a bar and she was my guardian angel. Colleen even got my mom to bring my birthday cake one year to Surf Side. I had back door privledges when Colleen worked there and we were laughing so hard one time I started to fall but Colleen grabbed me and we stumbled in the bar like two drunks. We just were the best of friends and I'll remember, love her always and look forward to seeing her again with the Angels in heaven. I'm so sorry for not being there with her family when they celebrated her life. Concetta(Cha-Chi) Rendon”

“On July 16, 1961, a Star was born. Her name was Colleen. She had an exuberance of spirit and life that would shine like the stars in the sky. Colleen, you were just so much fun. You would make me laugh so hard, wine would bubble out of my nose. Our beloved Star gave her final twinkle on 1/05/08....she was called home to be with the Lord. Heaven needed an Angel.”

“Colleen, you were such a wonderful friend to me and I could always turn to you, no matter what. We had our fun, our sad moments together and many experiences together. We laughed and cried together and took the good with the bad. My heart is so empty knowing we will never have the chance to talk and laugh together again but I so know that you are now with your God and your Angels at last and no one can ever hurt you again. Peace always be with you now through the ages.”

“Sheww...where to begin?? Aunt colleen was a WONDERFUL woman. She meant the world to me and it is so hard to just look back on all of the memories and realize that she is really actually gone. I miss her so much, she was like another mother to me. I cant even watch Forensic Files yet because i remember laying in the bed with her while she watched it and played with my hair. I miss just being able to go down the road and seeing her. Every time i ride by there it just brings back so many memories. Even when we ride by the apartments, it just hurts so bad because thats where we usually were. I remember when she would drink and just act completely silly, i mean she would just dance around and sing, and laugh til she couldnt any more. Everytime i had a bad day i would just call up Aunt Colleen and she would always know what to say to make me feel better, Most of the time it was just suck it up and act like a big girl...lol...I miss the times that we would get in her truck and just drive, we hardly ever knew where we were going but that was the fun part. We would get so lost then we would blame each other for not going the right direction. It was so fun. Even the times that we spent in Cransnest Fishing, Camping, and just Swimming. This summer is gonna be tough. I dont know what im gonna do without her. She meant the world to me and many more. She was a very loving and understanding woman. Theres not one person that didnt like her, because she was just straight up and forward with people. She didnt care who you were or who you thought you were if she had something to say she just said it and didnt think twice about it. I Loved her for that and i also looked up to her in many ways. Im gonna miss her a lot. I remeber when my memaw died Aunt Colleen was there holding me through the whole funeral and she just let me cry on her shoulder, even at hers i still felt her there with me holding me and just telling me not to cry because she was in a better place. I know she was looking down on me telling me suck it up...lol...I know that shes in a better place now and that she doesnt have to feel any pain any more. Hey look at the bright side nee nee you dont have to

*be afraid to go to sleep anymore!! You can finally rest in
peace!! Nee nee you were loved by many and will be
forgotten by none!! I Love You,~~Kasey Jaye "Brat-Face"

“Aunt colleen was such a great person, she is the kind of person you will never forget. She had love for everybody no matter what. She always made you smile I dont care what kind of mood you were in, she would before you left. I love you aunt colleen and I will always remember all the good times we had together, and the times we have helped each other out. You were always there for me and believed in me when other people wouldnt. You never doubted me when times were tough and I know that you will watch over me and make sure I do the best that I can. With you gone it makes me realize how much you did for me. Im sorry for how things happened to you because you did not deserve any of it. I wrote a poem for you because I remember when mamaw died and I was upset you told me to write down how I felt because it would make me feel better. So now I am writing a poem for you. I love you aunt colleen! Colleen Elizabeth Bryer There comes a day when all we can do, is sit back and think of all the memories we have of you. When you walked into a room everyone knew you were there, and to know how your life was taken is just so hard to bare. Your life was filled with all kinds of love and joy, and everybody knew how much you loved your baby boy. Because of you I am the person I am today and the thoughts and memories I have of you will never go away. We all wonder how he could do such a thing, but when your life was taken I heard the angels sing. When you left a part of me went with you without you in my life I dont know what im gonna do. I know you are in the best place you can be, and I know you will always be there for me. Remember the time we went fishing on cranesnet river. and when I put my hand in that nasty old sock how it made you quiver? Its times like that, that I sit here and laugh and cry, I guess because I will always wonder why. I cant wait to get to heaven so I will be able to see you, but for now you can rest in peace love always and forever boo!”

“I would like to start by saying Thank You to everyone who attended the services I know it would have ment a lot to her. She is someone who I will truly miss. She was always more than an aunt to me she used to tell everyone I was her daughter from another mother or that I should have been her daughter. Nee Nee was someone who cared and loved with her whole heart! If someone needing something it didn't matter weither or not she could afford it she would give you whatever you needed. I could talk to her about anything which was always comforting to know. She was a very outspoken person if she did not like you, you would know. I will never forget her personality it was always shining no matter how horrible her day had been. I still can't believe that she is gone but I know that I will see her again...she's in HEAVEN and I plan on being there with her one day. Nee Nee I love and miss you so very much. I wish we could have spent more time together on this earth but I know you are so much better off in heaven you do not have to worry about things and you don't have to feel anymore pain. You are safe now you don't need my key anymore.LOVE BESSER”

“*My sister.....what can I say. To know her was to love her, she never met a stranger. She would gladly give you the shirt off her back, that's the kind of person she was. She loved to crochet and she always had a project going! She loved to go camping and fishing with her son Hunter. He was her pride and joy. From the day he came into her life, she was there for him. I could always count on her, no matter what. The world will be a sadder place now that she's not here anymore. I miss you so much Colleen. No one will call me "ancha" anymore. We were supposed to grow old together. I know that you're with Chrissy now, and that you both will save a place for me. Ray and I will watch out for your Bunny. My girls miss you soooo much, their NeeNee isn't here to give them a hug and listen to their problems. “ *"Aunt Colleen was a lady that never met a stranger. She could see the good in everyone. She would give the shirt off her back to help other people. We had many good times together. She was more than just an aunt to me, she was one of my best friends. I could tell her anything and know that she wouldn't tell a soul. We spent many nights together talking, watching movies, and playing cards. She took me out for my 21st birthday, what a night that was! She was the life of the party. She also opened her home to me several times. She never asked any questions, just told me that as long as she was around, i would have a place to go. That was just the type of person she was. I knew that I could count on her. I love her very much and will never forget her. She loved angels and I know in my heart that she is in heaven right now and has become an angel. She is in a much safer place now, and will not have to hurt ever again. I know that i will meet her again in heaven. Until then, i love you Aunt Colleen and know that you will never be forgotten.
