“Crystal had the attitude all children look for in a teacher - she truly cared. That made her great at her job. She also had such an amazing spirit about life in general. That made her a great human being. I will always remember her infectious smile and kind heart. It is so important to hold onto the memories we are left with - memories like rushing to get papers and projects done, talking lesson plans and "shop talk", so many days when it felt like we lived in the MS building, and daydreaming about how we were going to change the world through the children that we taught. I will always believe Crystal impacted and inspired her students - and her friends. I am so privileged I was able, not only to know Crystal, but to call her a friend. My thoughts and prayers are with all of Crystal's family and friends who are grieving.”

“I met Crystal when I got a job at Food City in summers between college. She was one of the few that I got along with. She was so sweet, always had a smile and a laugh. We shared many lunch breaks together. Crystal was a sweet genuine person and I believe she would have done anything for anybody.”

“I will never forget my best friend. She was the most kindhearted people I've ever know. I became a better person because she saw the best in me and was my dear friend. We were friends from the first day that I met her. And while we all struggle to understand why she was taken from us...I try to focus on that wonderful smile of hers and how she is bringing joy to the LORD with that same smile we miss so much. Love ya Crys....”
