“ Donnie deserved way more than he ever had! Over the years he did so much work in our community for the elderly and widows at a price they could afford. Without knowing he was doing it he made life more affordable for these people who were limited on income. I hope he earned a special blessing by doing this. This day and time people tend to only look out themselves and greed takes control. Donnie could never been accused of being greedy. I'm thankful to the people who helped Donnie over the last few years when he had struggles. If people only knew how much he was in need maybe things could have been different. After being there the day he was found I'm personally ashamed of myself for not doing more. Thank you Donnie for all those you've helped over the years!

“ It was heartbreaking to hear of Donnie's passing. He has been a staple of our community on Caney Ridge for many years. A hard worker, who set out everyday to help many all over the county with their lawn care and various other tasks. I will miss seeing Donnie go by our home with his mowing equipment each morning, when spring time brings the green grass, I will think of you Donnie...

We are sorry to hear of Donnie's passing. Donnie and my sister Patricia Slemp were friends and together they visited the nursing home patients, and often passed out treats and gifts.

It is heart-wrenching to hear of Donnie's passing. Donnie was a caring person. He looked after his mother until her passing. He chauffeured her to the doctors and super markets, and saw to her needs. Often Donnie spoke of treating his mother to lunch in town. He was hard working and reliable. Since my husband's passing, Donnie became my 'go to' person for help around my house and farm. Never once did Donnie not make time to come and help when I needed him. He was my friend, and I will always think of him and miss him. Rest in peace, my friend.

Donnie worked for me for years. I could always depend on him to help with whatever needed to be done! He did weed eating, mowed, and he helped tear down a storage building and cleaned up the mess so I could get a new building! He was always willing to do whatever I needed him to do! Donnie will be missed and Impossible to replace!!
