“ *The day she and I met was and always will be a very special day. She left a lasting impression from her quick responses to jokes I made or just simply to tell me she loved me and how beautiful she thought I was. I wish so badly I had been able to spend more time with her and get to know her even better. Her smile was so contagious and throughout life she will be one person I won't forget. Until the day we meet again, much love Ernestine*
