“I was so sadden to hear about my Aunt Faye's passing. I know she will ne missed by her family and her many friends. I saw Faye at the Kendrick reunion in 2014 after many years. She was the same sweet Faye I remembered as a child. I remember she told me about a time when I was a little girl she had smacked me and how she felt bad about it, I don't remember that but she had to have had reason. Rest in Peace Faye, you are with the love of your life now and in the arms of God.”

“Robin & Gary Moore Faye was a wonderful aunt and put up with me and Larry's doings. Robin loved to get letters from her and was a joy to visit her. We are sorry for your loss Larry and family and Bernita and family she will be missed but know shes with Ben and grandma looking down on us all but especially you all. Love you all very much.”

“*Special Memories of Faye - Faye had a special place in our heart from the time she married Ben in 1951 and became a loving part of our family. She was a good sister with a caring heart, helping Mom for years and always being there for Ben during his illness. We all have such wonderful memories of times spent with Faye and Ben on the farm in South Vienna, Ohio and the home on Bear Pen. Faye will be dearly missed; especially at the family reunions with her delicious chicken and dumplings and wonderful pies. They were so good we always got our pies first. Faye was one of the treasures of our family. We all love her. Anne Link and the Mullins family.*”
