“ I'm so heartbroken over Susie's passing. I hope that she is at peace. She was my sister in heart and I miss her terribly. "Love you woman and miss you so much".

She came into both of our lives in a way that made our family story a little more unique—and a lot more meaningful. As a stepmom to both of us, she held a special place that was entirely her own.

She showed up with kindness, strength, and a quiet way of making people feel cared for. Whether through her words, her presence, or the little things she did, she made an impact that won't be forgotten.

We're grateful for the role she played in our lives and the memories we'll always carry with us. She will be deeply missed and fondly remembered.

Truly a one of a kind woman—fun, fearless, and never short on advice, especially the kind most people wouldn't dare to give. And no one could keep a card game going like she could. We'll miss those moments and her unforgettable spirit. Rest in peace.
