“ My condolences to all of Howard's family. I worked closely with Howard for 30+ years at Pittston. Those were interesting yet stressful times for the coal industry. He managed to continue his assigned chores even during those times. After we both retired I always enjoyed his visits to my home in Abingdon when he would be over this was travelling to the VA. I have missed those visits for some time.

“ Howard was my best friends dad. I knew him more in the latter years of his life. He was always so good to me and I loved him!!! I bet he bought my dinner a hundred times including the most expensive meal I've ever had at Wolfgang pucks in Vegas lol!!! He was generous, funny, never rested, hard working, loved his family, his grandkids, a good ballgame, poker, gorgeous women like Betty Greear lol, and a good mea. Needless to say we got along great!!!
Rest In Peace my friend!!!

Howard Thank you for all you were to me growing up! You were a Father figure that was always looked up to be many! You taught me and Mike, Shawn and a handful of others to play ball , be tough and to work hard then play hard! You were more to me than I ever had in a father. I am so grateful to have you in my corner more than once! You made sure I had a car for the Prom, tickets to see our first professional basketball game with the 76ers, how to pour concrete, how to throw an elbow! How to be respectful. You treated me as one of your own! Thank you from the depths of my soul for laying the ground work for me and a bunch of others! Thank you will never be enough! You made a real and lasting mark on me! Rest In Peace. We will see each other again soon. THANK YOU SIR FOR THE LOVE YOU SHOWN! You were what we've become!!!! Prayers for Mike and Shawn my best friends in the world.....forever!

“ I was saddened to learn of Howard's passing. My condolences to his family. I have known Howard virtually my entire life. We grew up together as first cousins and later were co-workers at Pittston for 30 years. Howard was an extremely loyal and dedicated employee and was very well respected for his efforts and contributions. While always a competitive and forward thinking individual, you always knew that he would stand behind and support his work. I will miss him. Wm. C. Willis
