PF

“I want to tell the family of J.C. that he will be missed very much. My father Joe Rose and him were good friends. J.C. took me on my first ride on a Harley motorcycle when I was still a teenager. It made me so happy. I will never forget that moment as long as I live. My father said he would only trust J.C. to take me for a ride on a motorcycle. J.C. Was a kind and caring man. He did the christmas parties for my uncle Norman who has Downs syndrome. Only a man with a heart as big as J.C. Woods could do those things. He will be missed so very very much! Peace be with the family and may he rest in Peace.”

“So sorry for the friends & family of J.C..... He was always smiling and had something to say to make you laugh!! A few years back, I was working rescue with another female & we had a call to a known "trouble" house, where there was always something going on... We got on scene & a few seconds later, J.C. showed up!! He knew the history of this residence & came to make sure that we were ok & that nothing happened to us!! He stayed there until we left, that meant alot to us!! That just tells you what kind of person he was!! He will be greatly missed by alot of people!!! :(”

“Russell and Angie Stallard J C will be one of the most missed people to have ever crossed the path of anyone. As I lay in bed the night he passed away, all I could see when I closed my eyes was the smile and laugh he had as he shook his head when we would go on a ride and all of us would start our engines at the same time. That look that he would give with the little laugh and big smile then shake his head and head out..... He was an amazing person who will continue to be loved and remembered dearly. One of the greatest men I ever knew...he was an angel on earth and now in heaven keeping watch over all of us as we continue what he loved....riding. You will forever be missed J C, we love you!”

FS

“J.C. was a crucial part of our Bikers for Foster Babies, and Cycles for Seniors rides a few years ago. He was completely dedicated to this cause, and loved seeing all the children enjoy the Christmas provided by so many charity donors, and riders. I also honored to help him with the Team Ian Charity Ride, and was humbled by his big heart. J.C. was such a special person, and I just can't believe he is gone. But it makes my heart smile to think of all the children he helped during his life. What a blessing he was. We will miss you, J.C. May you rest in peace, my friend.”

JP

“I remember seeing J.C. down at the gym and he was sitting on some exercise equipment talking about his grand kids and I walked up and said J.C. you are suppose to be exercising not talking about your grand kids and he laughed and said "There is nothing I enjoy better than talking about my grand kids". The true measure of a man is how much he loves his family. J.C. sure loved his family. I know that J.C. is in Heaven now riding a Harley on the streets of gold."
