"Dear Theda and Pat. I am most saddened to learn of John's passing. You are in my thoughts and prayers as you go through this sad and difficult time. Over the years our visits were looked forward to with much anticipation and for the wonderful time we would always have talking about our shared interest in local and family history. Talking with John was like opening a rare book that contained answers, accounts, and long forgotten references to people and places. John was a kindred spirit who will be sorely missed and always remembered for being a dear friend and a fine person."

"I am so sorry to hear this sad news. I have such fond memories of going to visit John & Theta with my dad, Marvin, when I was a small child. We would stop at the store and "sit awhile". I loved to hear John tell stories. He was so knowledgeable about the history of our area. My deepest sympathy with his family."

“Theta and Pat, I am soo sorry to hear this news. You know I love all of you so much. It's like part of the family gone. The video tribute has brought back so many good memories. I just drifted back in time. Now part of our history is gone and one of the kindest men that I know. Always so kind and always had a smile. My thoughts and prayers will be with you. May God bless you all. I;m so sorry that I cannot be there but my thoughts will be. I love you.”
