Kenny was the gentlest, kindest man I have ever known. He gave the best hugs and I will miss him for the rest of my life. I wish I had known that you were so ill, Kenny. I would have been there. I will always love you and you will always abide in my heart. Look forward to seeing you dancing on streets of gold, my dear beloved friend.

Ken was truly a great listener, a gentle spirit, a helper, and honest soul. I always treasured the times we rode the train together and shared about life. You taught me about how to fight for life, Ken. How to live generously. How to love others well. I miss you dearly. You are loved.
