“ Leisa was such a loving human being. The first time I met her she gave me a big hug and acted like I was a long lost relative. Whenever I worked in DC (which was a lot) we would eat lunch together and have some interesting conversations. She brought so much love and light to this world. She will be greatly missed by all who had the blessing of knowing her.

“ I lost contact with Leisa when I retired from the Health Department in 2015. I spent most of my taking care of my sick husband but after he passed away i found out that that Leisa was very ill as well. We made contact again and continued to be good friends until the last. I will miss her very much. Terry and family, I am so sorry for your loss and praying for peace for you in the coming weeks and months. Love you all.

*My deep condolences to Leisa's loving family and friends with prayers for your peace and comfort. I will remember Leisa as a kind and compassionate steward of God's love reflected towards all who entered into the Dickenson County Health Department seeking assistance. She was a light and a comfort to each as she used her talents, intelligence and dedication to understand what was sought and needed and to do all she could to see it done. She ministered to so many in her productive career. She was also loved by her coworkers. She has passed into God's heaven but will remain in the hearts of many here. Thank you for supporting her in all the love that she shared in this life.*

“ I will miss you my sweet friend. We had so much fun riding together to the football playoff games in Jonesville and blowing the horn all the way back to Clintwood after winning the game. How many times did we decorate the boys lockerrooms before the ballgames and making signs? Yelling for Beast at the games. Memories I will cherish forever. .
