“ *"Lorene is so much part of my childhood memories and believe me with her the memories are priceless! She made peanut butter candy for me, I have never forgot, so good and don't think I had ever eaten it before. I keep asking the girls, for some reason I think it was me and Jean but could have been Norma, we got into the crock of pickled corn and eat until sick! My mouth waters now thinking of it, even though I eat to much that day I still love pickled corn. Now why I am the only one that remembers that I don't know, (haha) But I remember also Lorene's sweet laughter when she found out what we had done. She was such a joy! I pray God's comfort to all of you! I don't know any of the siblings other than Judy, Louvena, Norma and Jean. My playmates as a child. For the relationship I put cousin because we are, just have to add a generation! Daddy and Lorene were first cousins. ( My dad is Delbert Boggs, Mother is Ruby Hayes Boggs) Love and Prayers Kathy"*

“I will miss my Granny alot. I didn` t spend as much time with her as I should have. I regret that now. I remember after she had heart surgery about 16 years ago me and my sister (marsha) stayed all night with her and fixed chocolate and biscuits for breakfast. The biscuits were so hard but she ate it any way and did not complain one time. I remember her fixing us chocolate when we were little. She made us a dress and a bonnet when we were little too. We used to have dinner at her house on Sundays when we were little. I was with her (along with other family members) at the end. She was really loved and will be missed alot. Love Sissy”

“Granny was a very large part of my childhood. I might not have been a real grandchild but she treated me like one. I have so many memories of her and that is something that I will treasure forever. I could not have loved her anymore if she had been my real grandmother. I can remember all the times when I was little and would get in trouble because mom and dad told me I couldn` t go to Granny` s house but I would go anyway, and all the times she would take her hair down just so I could sit behind her and brush it until my little arms got tired. She always had a new babydoll to show me when I would go visit her even after I was married and could find the time to visit she would always have a new doll to show me. I dont have the words to say how much I love or how much she will be missed but I know that she knows. To all the family... you are in my everyday thoughts and prayers. Dana Ramey Mullins”
