DV

“I was only there to meet you for a short time with your daughter Ledia, but I felt that I got to know who Lowell Hill was. You and your family are in my prayers. Your time on earth was well spent...you raised a very good family and your self reliance was surely passed down. If you could have seen exactly what your daughter Ledia has accomplished in life, you would have been proud. Now that you are in Heaven, you can look down and see for yourself that she is truly amazing and possesses your drive, determination, and love of life. God Bless you Lowell Hill, Heaven is now a little bit better.”
