“*Dear Family of Marie, It saddens me to learn of your Mother's passing. I had the pleasure of meeting her and visiting her when I was planning the Sumner Family Reunion. She was a pleasure to visit with and know. She greeted me with a warm heart and a very sweet and caring personality. I was disappointed when she was not able to attend the family reunion. I will miss our talks by phone and going to visit her. My prayer's and thought are with each of you at this time.*”
