“*She was a great person! Loved her a lot. I used to spend a lot of time with her when she lived in Manassas VA. There were a lot of times that I rode with her and helped her with the paper route she had, She would also call me and ask me about her dogs when they were sick. I really miss those conversations.*”

“*I am very sorry for your loss. Something that helped me when I lost my grandmother was a scripture a friend showed me. It's in Revelation 21:4. I only hope and pray it can bring you as much comfort as it brought me a few years ago.*”
