“I'm so sorry I was not able to be there. My heart is heavy with grief but I take comfort in knowing that Michael is with those who passed before him and he is even now looking down on us and keeping watch. My thoughts and prayers are with all his family members who are missing him now, but will surely see him again.”

“Benard I sure hope that you understand that my health was what kept me from attending Micheal's funeral. The aroma of the flowers, perfume and cologne litterly chokes me up that it is so hard to breathe. Micheal was always a pleasure to talk with. One could certainly tell the he LOVED and respected you. There would always be a glitter in his eyes whenever he spoke of you and Kevin. He will certainly be missed.”

“Thinking about the whole Fleming family tonight! I'm sorry I can't be with you guys tomorrow but I have another funeral to go to. I will keep your family in my thoughts and prayers as you go through this difficult time. It's never easy losing someone and just know that I am here if you need anything. So sorry!!”

“May 06, 2013 Micheal will always have a place in my heart. He come over and loved to sit and talk about how well his son was doing wrestling. One thing for sure was that he would always ask about how the family was doing. He would allow that big smile to come on his face just before he began to talk about his little brother Kevin. Micheal is at home now with his family that passed on to heaven before him. Some day we will all get to meet him once again and see that big smile while he tells us how he has had no pain, greif or sorrow. Micheal my friend I will miss you.”

“I will always be grateful to Michael because when I really needed a family member he opened his door and welcomed me in and was there for me on one of the worst days of my life. He had a huge heart and I will never forget his act of kindness. he was just at my house a few weeks ago to once again do an act of kindness for me and before he left I gave him a hug and told him I loved him. I will cherish my last memory of him always.”
