“*I am so sad to learn this news of Nancy's passing. I didn't know she was in the hospital and hadn't heard about her passing. Nancy and I were very good friends in school and have corresponded many times since then. My heart goes out to her sweet mother Jean and her son. I am so sorry that I wasn't at Nancy's funeral and would have been had I known about this. All my love to you both. Peggy Stanley Johnson*”
