*Phyllis was my 6th grade teacher & she made it a wonderful experience! After we'd get through with our lessons she'd take out a book and read us a chapter or more depending on how much time we had. I loved those times when she'd read to us! I began reading more after that. I'd always loved reading but hearing the places she took us made me want to read thicker books and go all over the world just by reading. She was a great teacher. Be with God Ms Haynes! You deserve it!*

“ *Phyllis was the epitome of everything a person should be. She was brilliant, kind, patient and understanding to name a few of her qualities. She taught me above and beyond any classroom obligation. I credit her with instilling a thirst for knowledge both secular and spiritual. Earth has lost a true angel and the heavens have gained a magnificent light. I will never forget the joy she brought to my life.*

“ I had the pleasure of meeting Phyllis at Heritage Hall while my mother was rooming with her recovering from hip surgery. Her strength, intelligence And kind ways toward mother will always be remembered by Me and our family . She gave me a beautiful painting she had painted many years ago that I will always cherish. She has her angel wings on and no more suffering. Love your friend. Cathy Baker

“ On the first day of my first full semester at Berea College (1961) I walked into my assigned room and came face to face with another red-haired girl--Phyllis from Clintwood. We have been friends since. I thought of her as highly intelligent and having a great personality. While working at Nationwide Ins. with brother Curt, I got to see Phyllis several times. She had taken up painting pictures and I was honored to be given one of her paintings. I hadn't seen her in several years but I have a beautiful painting of hers which brings back many fond memories. May the gracious Lord bless and take care of her precious Mom and the rest of the family. My thoughts, love, and prayers are for all of you.  
I love you, Phyllis.
