“ I grew up across the road from Robbie. When we were younger, we often spent time together playing. I have so many good memories of him. Riding bikes...he'd hold up the back part (back wheel) and we'd spin the water out of mud puddles, I loved riding bikes on the concrete basement floor of the brick house, getting on the roof of his house and getting mulberries off the tree just next to the porch, once seeing a large boat model in the basement, I was fascinated by the pond behind their brick house. So many fond memories. I took a year off between high school and college and spent alot of time (too much time) over at Robbie and Tammy's. I'm sure they got tired of me, but they were always nice, friendly, and accommodating. Once I started college, I became too busy, plus they had a new baby to take care of. So I didn't see them as often.

My heart goes out to all of his family and to everyone whose life was touched by a very good man.
