“Mrs. Dotson was a good friend of my mother, Allah Miller, who died in 1996. My Mom was several years older than Ruby. My Mom lived in the house on the corner across from Mountain Florist, and is now vacant. I was not aware until just now that Mrs. Dotson had died. I wish I could have paid my respect at the funeral home. I remember her as always being so nice and so well dressed and a lovely lady. I hope you are all doing well.”

“To everyone in the Dotson family, Im so sorry to read this, I remember Ruby when I was a little girl and she was such a sweet lady, she was the sister to my favorite 'Uncle Paul' Dotson, all the Dotsons have that sweet smile they all share it with just a twinkle in their eyes its so sweet, she will be so missed she was the one of the kindest women I remember from my childhood and will be missed by all who loved her, my prayers are for the family to heal and know that she is in peace and happy now.”
