“Gene, you were the best brother a sister could have ever had. I loved you, and I will always miss you. I thank God for all of our memories, all thru the years. Myself and everyone who knew you, will miss that infectious smile and laugh that lit up your entire face, especially when you were talking about your fishing adventures. I never knew anyone who loved fishing more than you, you were the best. I pray that you are now with our wonderful mother that we loved dearly and your two beautiful children that went on before you. My prayer is that we will someday be together again. So I'll say, I love you, see you later.”

“My heartfelt condolences go out to all of Eugene's family and friends. Especially Christopher and his son John. He was a friend of mine. He will be missed. I will enjoy recalling the many times we spent, talking, taking scenic drives, playing poker, shlepping at flea markets, celebrating holidays and birthdays or at family gatherings and parties. I recall the hospitality I and my daughter received once when we had stayed with them in Clintwood. Again, I thank Eugene and Daris both, for when I asked them to take my daughter in, in my attempts to get her away from some less than desirable friends and classmates. They did and I believe that made all the difference in my daughter's life, the path she took instead of paths leading nowhere. I thank Eugene and Daris. I am especially regretful of recent that I hadn't been able to chat on the phone with him as he like to do because I was busy with school work as I'm trying for my first college degree. In the earlier part of the day, his last day in this world, I had thought to myself, I need to find his number and call him...as it was my turn and way overdue. Later that night, I found out he had left this world and my call wouldn't be necessary. Instead, I'll see Eugene in the better world. In fact, I'm sure Eugene is reuniting with his daughters and mother and other loved ones that have passed before him. He's probably playing poker right now with my mom and niece Christina... Hey guys, don't forget, Gene bluffs! Rest in Peace Eugene.”
