“Susan was one of my first friends when i started at Clintwood Elementary. We spent the night at each others house and spent even more time on the merry go round at the playground. I will always remember her laugh and infectious smile. May she rest in peace and her family finds comfort in the memories she leaves behind.”

“My heart is so heavy, sad and broken. I remember when the Rose family became our next door neighbors in town in the 60's. i use to babysit with Janet, Donna and Kathy. Lee was always so well behaved little boy I have Mother's pictures taken back then. I didnt know where the family moved to and they were in Clintwood the whole town. I want to come there and hug you so tight. GOD Bless\Please give my love to your mother Sue”
